Project Final : Memories

Topic : Visiting my grandparent's house

Note : I used a camera to take these photos (like israa & tala)

- **Pic «1»** The view of my grandparent's house when I go to them is a view that remains eternal in my memory, it is old and located on a mountain among many houses .

- **Pic «2»** There were too many stairs to get to their house, it was tiring and fun at the same time. Sometimes we played some fun games in stairs .

- **Pic «3»** I used to buy alot of old candy from a small store near their house, the candy was very delicious .

- **Pic «4»** I used to play alot of fun card games with family members. It took alot of time, but it was a very interesting and funny time .

- **Pic «5»** At the end of the day, while returning to my home the scenery of the road with the nice weather was very beautiful and gave a feeling of comfort. It was a part preserved in my memory .
